

Volunteer Code of Conduct

- Volunteers for U23 Pan American Men's Volleyball Cup are required to attend a mandatory orientation session on Monday, September 17th from 5:00 pm to 7:00 pm, where you will receive your uniform and training on your position.
- We will attempt to assign your position based on your preferences on the volunteer application. However, you may be placed in a position that requires additional volunteers, and as such we cannot guarantee your position.
- Volunteers are required to wear their uniform and credentials at all times while on shift. If attending events while not working, you are required to change out of your tournament paraphernalia.
- The LEC strives to provide a discrimination and harassment free work environment. In the event of any potential conflict or confrontation, call your supervisor or security to intervene on your behalf.
- As your participation and presence is essential to the success of the event, please ensure you arrive for your shift on time. In the event any last minute changes, please be sure to advise the volunteer office of your delay or absence.
- The opportunity to volunteer will be revoked in the event of you being under the influence of any intoxicating substance. Smoking is not permitted inside the LEC or while on shift.
- A criminal record check must be completed by the start of your first shift and is the responsibility of the individual volunteer to provide.
